POLICY

1. School profile

Creswick Primary School is a rural township located approximately 20km along the Midland Highway from the larger regional city of Ballarat. The school grounds take up almost a full town block with the local kindergarten located in one corner. The excellent facilities developed during this time means the staff and students have access to individual classrooms, open learning spaces and large multipurpose areas which allows flexibility for various teaching and learning styles. There is a stable population of around 150 students and 20 teaching and non-teaching staff. While the large majority of our student body come from an English speaking background we do occasionally have international students whose parents are associated with the University of Melbourne's

School of Forestry. The proportion of students from an Aboriginal and Torres Strait Islander background is very small as is the number of students in out of home care. The school is organised into 2 units, or Professional Learning Teams, comprising of Prep to Grade 2 and Grades 3 to 6.

We believe in the importance of catering for the social, emotional and academic needs of our students and work towards developing tolerant, resilient students with skills and attitudes which will allow them to become life-long learners. To assist with this we have implemented a School Wide Positive Behaviour Support approach which is linked to our guiding values of **RESPECT, SAFETY, RESILIENCE**, and **PERSONAL BEST**. These values form the basis of our program development, policies and everyday interactions. We are committed to providing our students with the highest quality teaching and learning opportunities and use the Victorian Curriculum, Principles of Teaching and High Impact Teaching Strategies and respond to evidenced based best practice as a basis when planning all programs. Developing a high level of literacy and numeracy skills within our students is a major focus and up- to-date technology is used to engage students and enhance these skills. We aim for maximum engagement and achievement in all areas and the classroom programs are complimented by many extra-curricular activities. These activities enhance the community engagement in learning and support the development of individual student interests.

There is a strong partnership between the school and the wider community and a high level of parent participation.

- Parents support the school program in many roles including classroom helpers, , coaches of sporting teams, volunteers at Breakfast Club, mentors in extension activities, volunteers in the canteen, fundraising and as members of the Parents and Friends Association and School Council.
- Community partnerships have been developed with the Lawn Bowling Club, RSL, Creswick Railway Workshops, Pavilion Arts Group, Creswick Library, Community Bank, Creswick Fire Brigade, Police, Second Bite, Ballarat Community Health, Hepburn Health and School Focused Youth Service, Hepburn Engaging Youth and the Daylesford Foundation.

Creswick Primary School is committed to gaining continuous learning for all students. The school strives to:

- Assist each child to achieve high standards in literacy and numeracy.
- Explicitly teach values and social competency skills (Respect, Personal Best, Safety and Resilience)
- Make links and strengthen our local community
- Find and develop individual strengths and areas of passion for each child

Creswick Primary Schools Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Violence, bullying, and other offensive and harmful behaviours such as racism, harassment and discrimination will not be tolerated and will be managed in accordance with this policy. Bullying will be managed in accordance with our Bullying Prevention Policy.

When a student acts in breach of the behaviour standards of our school community, Creswick Primary School will institute a staged response, consistent with the Department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Our school considers, explores and implement positive and non-punitive interventions to support student behaviour before considering disciplinary measures such as detention, withdrawal of privileges or withdrawal from class.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.
